

NOAA FISHERIES SCIENCE CAMP

PACIFIC ISLANDS REGION

CAMP IS FREE!

We invite 8th graders (2016-17 school year) to come spend five days at NOAA's state-of-the-art Inouye Regional Center learning about the important work of NOAA Fisheries' scientists. Find out how scientists use technology to study the ocean and its critters through fun, hands-on activities. See if a career with NOAA Fisheries is right for you!

WHO CAN APPLY:

8th Graders (2016-17 school year)

DATES:

JULY 18-22, 2016

LOCATION:

Ford Island at the NOAA Inouye Regional Center, Honolulu, HI and off-site field trip (TBD).

WHAT'S IN THE OCEAN WE CAN'T SEE?

Check out zooplankton samples.

WHERE DOES NOAA OPERATE?

Visit NOAA's exclusive Inouye Regional Center on Ford Island and find out about our workplace.

WHAT IS IT LIKE TO BE A NOAA FISHERIES SCIENTIST?

Interact with NOAA staff and find out how they got to where they are now.

WHAT ARE THE MONK SEALS EATING?

See how crittercam is used to track seals' behavior.
